# Store More. Period.

# Exceptional hospitality begins with elevated storage

Behind every flawless guest experience lies a back-of-house that runs with precision, speed, and intention. Montel designs high-density and custom storage solutions that help hospitality teams work smarter — organizing more, accessing faster, and reclaiming the space that drives operational excellence.

From guest services and banquets to housekeeping, food & beverage, maintenance, and wellness, our systems adapt to the shifting demands of your property. Every solution maximizes capacity without compromising the design language or aesthetic harmony of your environment.

Efficiency behind the scenes. Excellence in every moment.

# **Guest Services & Back-of-House**

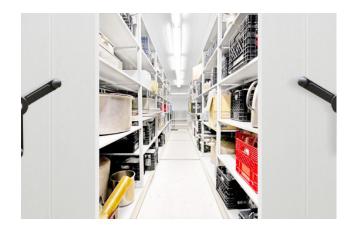

High-turnover areas need fast, organized access to guest essentials and secure storage that keeps backof-house operations running smoothly

#### Storage Needs

- Luggage
- Coatrooms
- Lost & Found

# **Banquets & Events**

Event teams require flexible, high-capacity storage to handle large volumes of equipment and inventory for quick setups and efficient turnovers.

### Storage Needs

- Tables & chairs
- Linens
- Dinnerware
- Glassware
- AV gear
- Décor

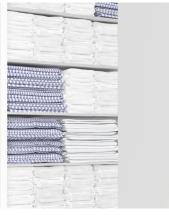

# **Housekeeping & Operations**

Housekeeping relies on efficient organization of bulk items, supplies, and amenities to replenish rooms quickly and maintain smooth daily workflows.

### **Storage Needs**

- Uniforms
- Cleaning supplies
- Toiletries
- Bulk bedding
- Towels
- · Rollaway beds & cribs
- Room amenities

# Food & Beverage

F&B operations need clean, durable, and accessible storage to manage food inventory, bar supplies, and service items during high-demand periods.

#### **Storage Needs**

- Bulk food
- Beverages
- Wine
- · Cold-storage overflow
- Bar supplies
- Glassware

# **Facilities & Maintenance**

Maintenance teams need rugged, organized storage to quickly access tools, parts, chemicals, and seasonal equipment for efficient property upkeep.

### Storage Needs

- Tools & spare parts
- Paint
- Chemicals
- Cleaning machines
- Patio furniture
- Umbrellas
- Heaters

### **Recreation & Wellness**

Recreation areas depend on clean, accessible storage to keep spa, fitness, and pool supplies organized and guest-ready at all times.

#### **Storage Needs**

- Spa supplies
- Towels
- Robes
- Massage tables
- · Fitness equipment
- Pool gear
- Sports equipment

# The Concept

# **Optimize Your Storage Space**

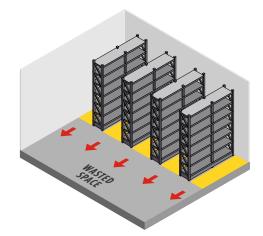

Montel high density storage systems maximize the use of available space, whether to increase storage capacity, free up room for production or other uses, or get rid of space you do not need to pay for.

Eliminate the need for multiple spacewasting static aisles.

# SPACE WASTING STATIC AISLES \$ \$

#### WASTED SPACE CONVENTIONAL FIXED RACKING LAYOUT.

Conventional storage systems require space-wasting fixed aisles.

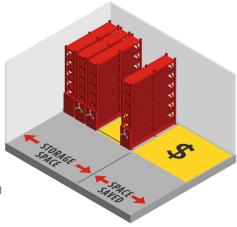

### Here is how:

- 1. Static units are mounted on mobile carriages.
- 2. Mobile carriages travel on tracks.
- 3. Use the handle to move the manual systems or turn the 3-spoke SafeCrank handle for mechanical-assist systems or push a button on the powered system control to open the desired aisle.

### SPACE SAVED & INCREASED PROFITS MOBILE STORAGE LAYOUT.

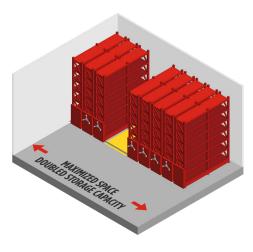

Montel's high-density storage systems save up to 50% of your floor space in most cases, and accommodate growth for other uses while increasing revenue.

# DOUBLED STORAGE CAPACITY. MAXIMIZED SPACE & INCREASED PROFITS MOBILE LAYOUT.

100% greater storage capacity within the original floor space, eliminating the need for a costly expansion or the construction of a new facility.

# Why Choose Montel?

Because <u>no one</u> builds storage systems that perform better, last longer, and adapt smarter. Period.

Smoothest Mechanical-Assist Mobile System Move fully loaded carriages effortlessly

**Durability and Trouble-Free Maintenance**Engineered for long-term reliability

A Solution Customized to Your Property

Any length, depth, width, or height — tailored to fit your space

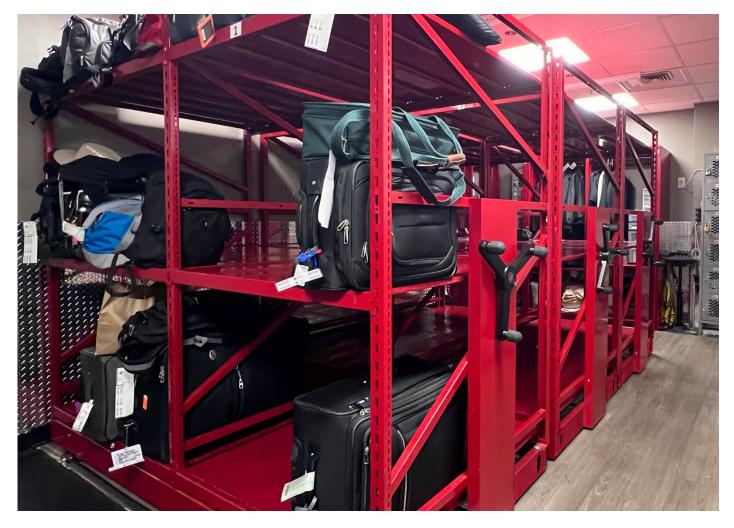

Work With Storage-Savvy Experts
When you choose Montel, you choose unmatched expertise

Meet Your Environmental Objectives

Reduce your footprint by maximizing space and minimizing waste.

# Mobile Storage Solutions

Montel's mobile storage systems help hospitality properties reclaim up to **50% more floor space** — while improving accessibility, organization, and operational flow across guest-facing and back-of-house environments.

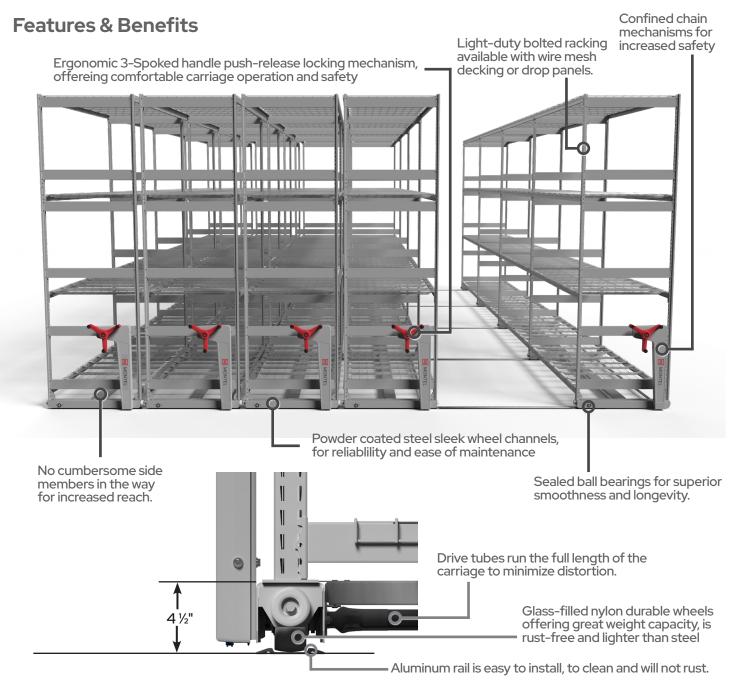

Our mobile systems transform traditional shelving into high-density, flexible solutions that adapt to fluctuating inventory, seasonal demands, and multi-department needs. The result: streamlined operations, secure and efficient storage, and spaces that stay guest-ready at all times.

### Bulk&Roll™

### Storage. Simplified.

A mechanical-assist mobile storage system that combines the space-saving power of Montel's BULK&ROLL™ system with the versatility of the Light-Duty BULKRAK™. This pairing delivers a cost-effective solution for maximizing storage capacity in tight utility spaces, without compromising on accessibility or durability.

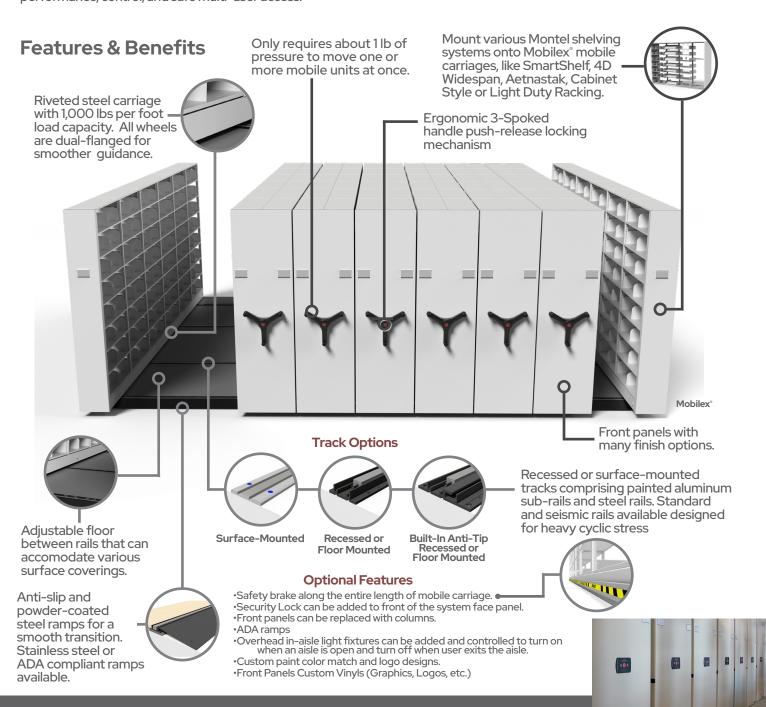

<b>Design and</b>	
Capabilities	

	Per Section Per Section	Per Mobile
Length	4′, 5′, 6′, 7′, 8′ (1.2, 1.5, 1.8, 2.1, 2.4 m)	Max 50′ (15 m)
Depth		36", 42", 48" (914, 1067, 1219 mm)
Load Capacity	Max 2,400 lbs (1 090 kg)	Max 18,000 lbs (8 165 kg)

# Mobilex® / SafeAisle™

Storage that moves like it belongs.

A premium storage system combining Montel's mechanical-assist MOBILEX $^{\circ}$  or powered SAFEAISLE $^{\intercal}$  platforms with Light-Duty Bolted Wide Span Racking. Designed to support member golf bag storage or equipment zones that demand performance, control, and safe multi-user access.

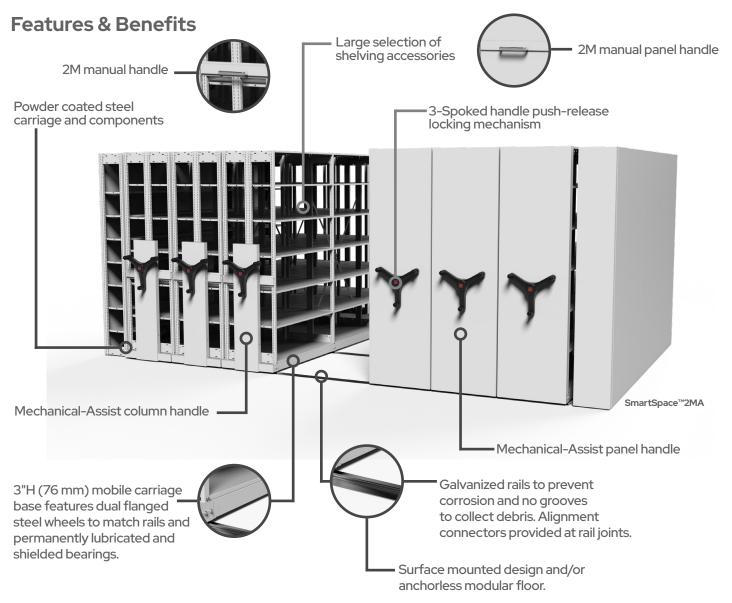

Design and Capabilities

Carriage Length	3' to 45' (0.91m - 13./m)
Carriage Depth	15" to 48" (0.4 m - 2.4m)
Load Capacity	1,000 lbs per linear foot (1,488 kg per linear meter)

# **SmartSpace**<sup>™</sup>

Storing more than meets the eye.

Operated manually, SmartSpace™ light-duty 2M manual and 2MA mechanical-assit mobile storage systems bring practical, efficient, and cost-effective storage solutions to various light-duty applications

#### **Montel Shelving Options**

- •SmartShelf® (4-Post Hybrid)
- •4D Wide Span (Light-Duty Racking)

#### **Optional Features**

- •Anti-drift brake system provided with each carriage (SmartSpace™2M)
- Privacy security lock
- Anti-tip device options

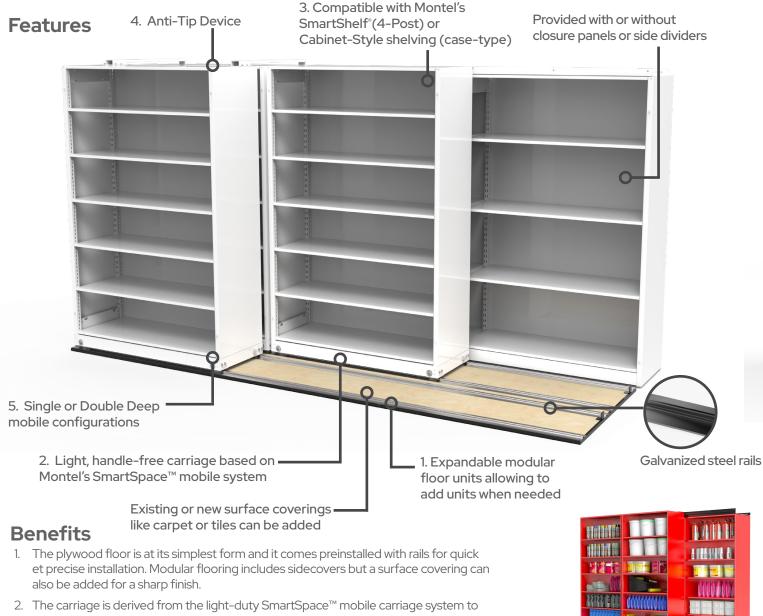

Design and Capabilities

Maximum Carriage Length	24' (7.3 m)
Maximum Carriage Width	4' (1.2 m)
Load Capacity	2,000 lbs (907 kg) per single bay of shelving

### **SmartGlide**<sup>™</sup>

#### Smart Moves. Side to Side.

Big is not necessarily best. With this compact, high-density lateral mobile shelving solution, you no longer have to worry about how to do more with less. SmartGlide™ modular mobile storage system takes care of that for you.

- provide a reliable solution.
- 3. SmartShelf® or Cabinet-Style shelving are both available with the SmartGlide™ system.
- 4. All SmartGlide™ systems are equipped with an overhead anti-tip device for stability.
- A SmartGlide<sup>™</sup> system can have up to two rows of lateral mobile carriages.

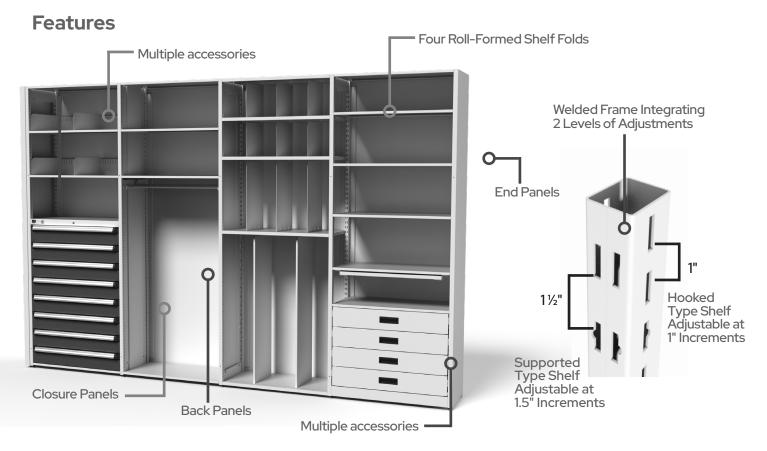

### **Design and Capabilities**

Floor	Made of 3/4" (19mm) plywood and come with the rails preinstalled.	
Max Section Width	Max Section Width 48" (1.2m).	
Capacity Up to 2,000 lb per single bay of shelving (907 kg).		
Max Height	96" (2.4 m)	

### **SmartShelf®**

### Organized. Convenient. Storage bliss.

SmartShelf® 4-post shelving storage system is an open-ended shelving alternative, which can be configured in countless ways and customized to hold a wide array of items. Designed with versatility in mind, it's a one-shelf-fits-all solution for myriad storage needs.

### **Benefits**

- 1. Both Back-to-back and Full-depth configurations can be combined within a row to provide greater versatility, allowing you to tailor the system to your varied storage needs.
- 2. The frame features no exposed edges, provides full access to shelf contents, and allows for easy shelf relocation without the need to remove adjacent shelves.
- 3. No loss of space, total adjustability for accessory arrangement and no tools required for installation.
- 4. For a truly comprehensive storage solution, the SmartShelf system provides full-depth shelving that optimizes every inch of space.
- 5. All shelves features smooth, finished edges for enhanced safety and aesthetics, while also offering increased strength to support heavier loads with confidence.
- 6. Available options include end panels, back panels, and closure panels to enhance both appearance and finish.
- 7. A wide range of accessories for general or specific purposes (slotted shelves with dividers, back and front stops, drawers, reference shelf, trays, doors, garment rod, athletics/golf/ weapon/media/bin storage, etc.).

Design and	
Capabilities	

Width	24", 30", 36", 39 3/8," 42", 48", 54"
Depth (back-to-back shelf)	12", 13", 15", 16", 18", 20", 24", 30", 36"
Height	30" to 120" (1" increments)
Capacity	Up to 500 lbs per shelf
