Storage Solutions for Golf & Country Clubs

Engineered by Montel.
Trusted by institutions worldwide.

100 Years of Innovation

Founded in 1924, Montel has redefined how space is optimized. From large-scale institutions to highly specialized environments, we've built our legacy on innovation, engineering precision, and purposeful design.

What began as an industrial breakthrough has evolved into a global benchmark for innovation and quality – trusted by organizations across North America and beyond.

Designed for the Future of Golf

Today, that same expertise is helping golf courses, resorts, and country clubs unlock new possibilities. Whether it's reclaiming backroom space, modernizing member bag storage, or enhancing the flow of a pro shop, Montel's storage systems adapt to the needs of your facility – and the expectations of your players.

Our storage systems are now being leveraged across the golf industry to support:

- Member satisfaction through seamless, organized storage
- Efficient merchandising in retail settings
- Durable, aesthetic solutions for high-traffic areas
- Streamlined operations in maintenance and back-of-house spaces

Because in golf, like in storage, every square foot counts!

Golf & Country Clubs

Golf courses need efficient storage for golf bags, carts, inventory, and maintenance equipment.

Recommended Systems :

Bulk&Roll™, Mobilex®, SafeAisle™, SmartSpace™ 2M, SmartSpace™ 2MA, Light-Duty Bolted Wide Span Racking, SmartShelf®

Pro-Shop & Retail

Expanding pro-shops require better backroom inventory management.

Recommended Systems :

SmartSpace™ 2M, SmartSpace™ 2MA, SmartShelf®

Members & Players

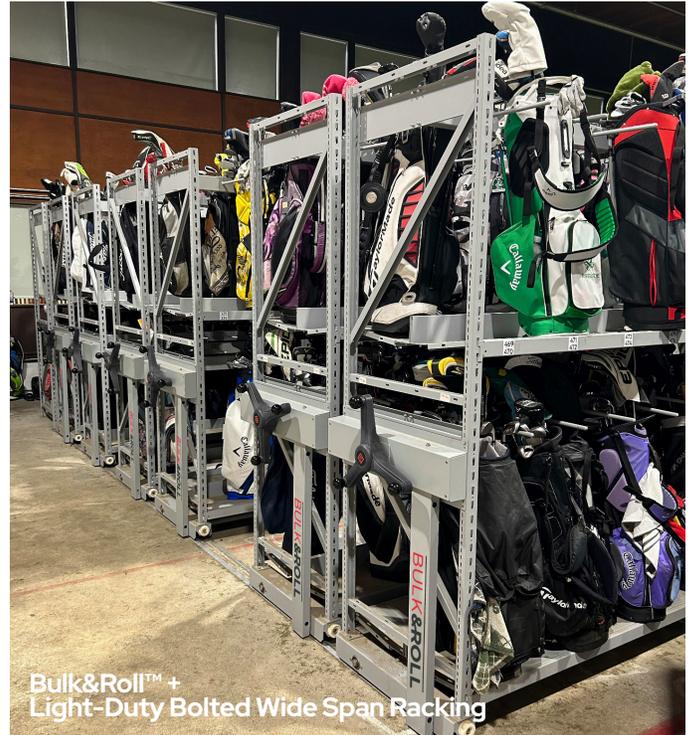

Private clubs and resorts require premium, efficient, sizeable golf bag storage solutions, and sleek personal storage lockers for members.

Recommended Systems :

Bulk&Roll™ + Light-Duty Bolted Wide Span Racking
SmartShelf®, Cabinet Style

SmartShelf® with lockable doors

Bulk&Roll™ +
Light-Duty Bolted Wide Span Racking

Golf Course Maintenance & Operations

SmartShelf®

Maintenance tools and course equipment need efficient organization.

Recommended Systems :

Bulk&Roll™, Mobilex®, SafeAisle™,
SmartSpace™ 2M, SmartSpace™ 2MA,
Light-Duty Bolted Wide Span Racking, SmartShelf®

Mobile Storage Solutions

Montel's mobile storage systems help golf facilities reclaim up to **50% more floor space** — while enhancing equipment accessibility, clubhouse organization, and overall efficiency.

Our mobile storage solutions transform traditional shelving into high-density, flexible systems designed to support growth, streamline operations, and keep gear secure and ready for play.

Bulk&Roll™

Storage. Dialed In.

A mechanical-assist mobile storage system that combines the space-saving power of Montel's BULK&ROLL™ system with the versatility of Light-Duty Bolted Wide Span Racking. This pairing delivers a cost-effective solution for maximizing storage capacity in tight utility spaces, without compromising on accessibility or durability.

Features & Benefits

Ergonomic 3-Spoked handle push-release locking mechanism, offering comfortable carriage operation and safety

Light-duty bolted racking available with wire mesh decking or drop panels.

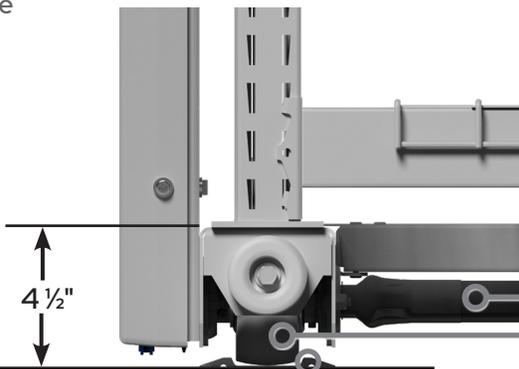

Confined chain mechanisms for increased safety

No cumbersome side members in the way for increased reach.

Powder coated steel sleek wheel channels, for reliability and ease of maintenance

Sealed ball bearings for superior smoothness and longevity.

Drive tubes run the full length of the carriage to minimize distortion.

Glass-filled nylon durable wheels offering great weight capacity, is rust-free and lighter than steel

Aluminum rail is easy to install, to clean and will not rust.

Design and Capabilities

	Per Section	Per Mobile
Length	4', 5', 6', 7', 8' (1.2, 1.5, 1.8, 2.1, 2.4 m)	Max 50' (15 m)
Depth		36", 42", 48" (914, 1067, 1219 mm)
Load Capacity	Max 2,400 lbs (1 090 kg)	Max 18,000 lbs (8 165 kg)

Mobilex® / SafeAisle™

Storage that moves like it belongs.

A premium storage system combining Montel's mechanical-assist MOBILEX® or powered SAFEAISLE™ platforms with Light-Duty Bolted Wide Span Racking. Designed to support member golf bag storage or equipment zones that demand performance, control, and safe multi-user access.

Features & Benefits

Riveted steel carriage with 1,000 lbs per foot load capacity. All wheels are dual-flanged for smoother guidance.

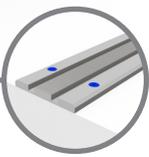

Only requires about 1 lb of pressure to move one or more mobile units at once.

Mount various Montel shelving systems onto Mobilex® mobile carriages, like SmartShelf, 4D Widespan, Aetnastak, Cabinet Style or Light Duty Racking.

Ergonomic 3-Spoked handle push-release locking mechanism

Adjustable floor between rails that can accommodate various surface coverings.

Surface-Mounted

Recessed or Floor Mounted

Built-In Anti-Tip Recessed or Floor Mounted

Track Options

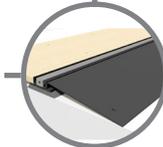

Recessed or surface-mounted tracks comprising painted aluminum sub-rails and steel rails. Standard and seismic rails available designed for heavy cyclic stress

Optional Features

- Safety brake along the entire length of mobile carriage.
- Security Lock can be added to front of the system face panel.
- Front panels can be replaced with columns.
- ADA ramps
- Overhead in-aisle light fixtures can be added and controlled to turn on when an aisle is open and turn off when user exits the aisle.
- Custom paint color match and logo designs.
- Front Panels Custom Vinyls (Graphics, Logos, etc.)

Anti-slip and powder-coated steel ramps for a smooth transition. Stainless steel or ADA compliant ramps available.

Front panels with many finish options.

Design and Capabilities

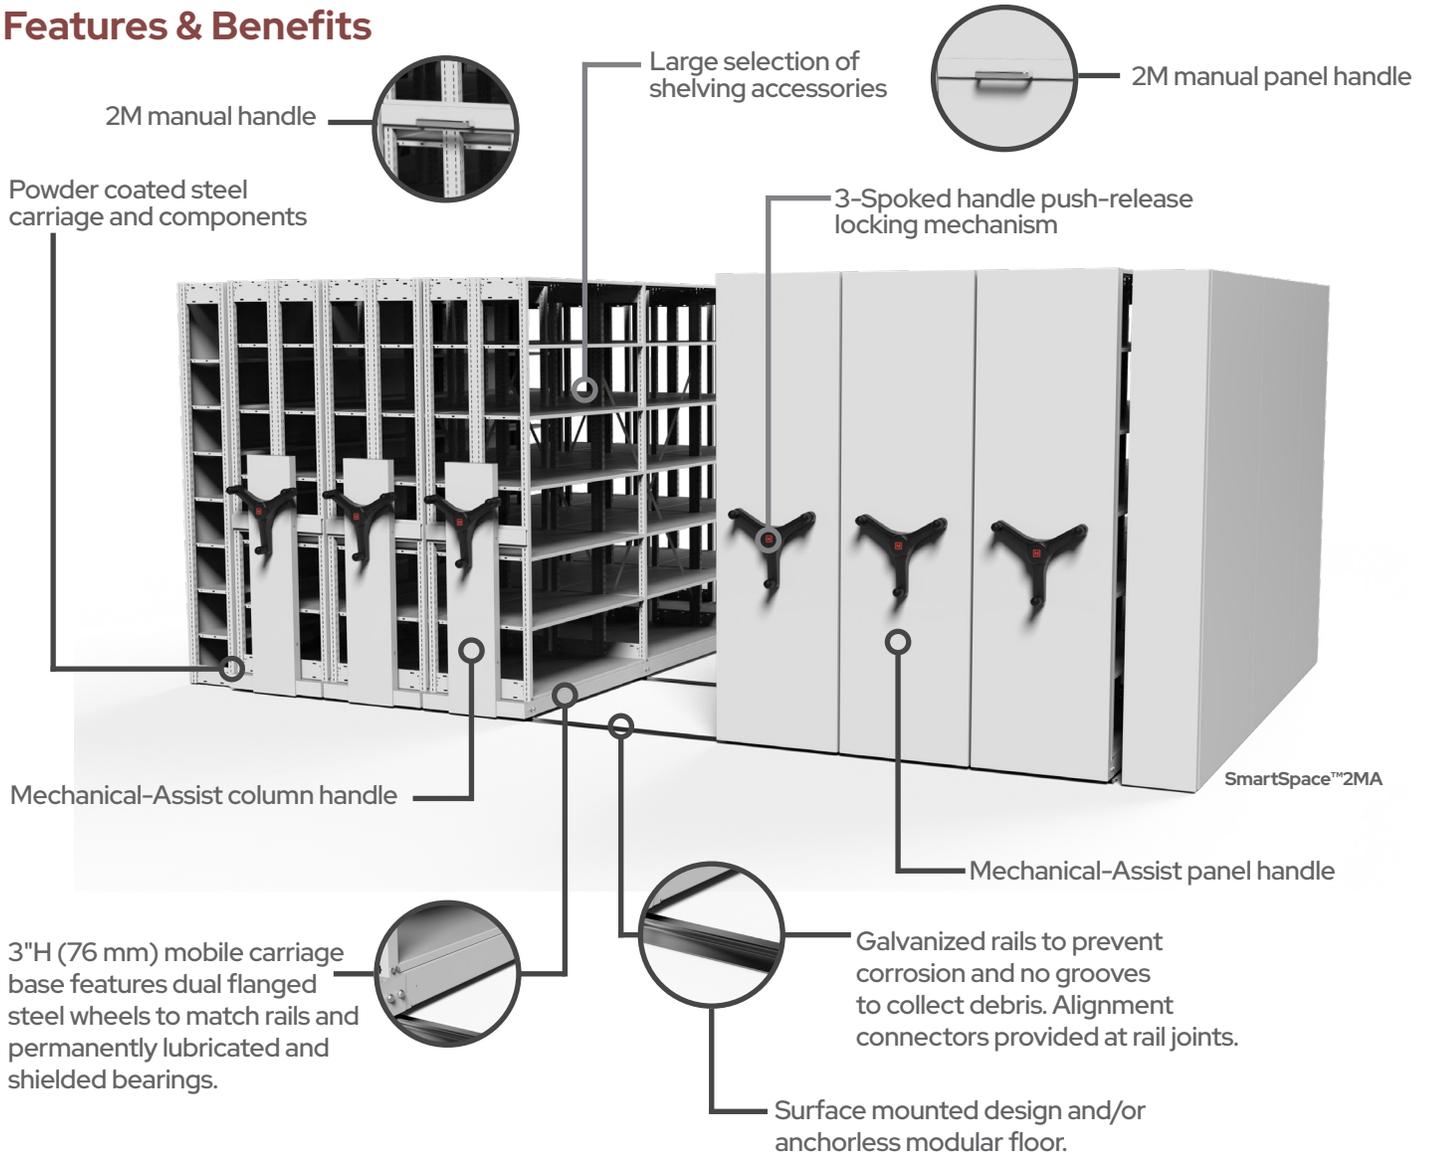

Carriage Length	3' to 45' (0.91m - 13.7m)
Carriage Depth	15" to 48" (0.4 m - 2.4m)
Load Capacity	1,000 lbs per linear foot (1,488 kg per linear meter)

SmartSpace™

Ready for retail.

Operated manually, SmartSpace™ light-duty 2M manual and 2MA mechanical-assist mobile storage systems bring practical, efficient, and cost-effective storage solutions to various light-duty applications

Features & Benefits

Montel Shelving Options

- SmartShelf® (4-Post Hybrid)
- 4D Wide Span (Light-Duty Racking)

Optional Features

- Anti-drift brake system provided with each carriage (SmartSpace™2M)
- Privacy security lock
- Anti-tip device options

Design and Capabilities

Maximum Carriage Length	24' (7.3 m)
Maximum Carriage Width	4' (1.2 m)
Load Capacity	2,000 lbs (907 kg) per single bay of shelving

Shelving Solutions

Montel's shelving solutions combine durability, flexibility, and efficient design.

Whether it's clubs, apparel, merchandise, or maintenance tools, our systems are built to handle every aspect of your golf operation – securely and smartly. From modular shelving to heavy-duty wide-span systems, every solution is engineered for performance, built to adapt, and designed to keep your facility running smoothly.

SmartShelf®

Where gear meets order.

SmartShelf® 4-post shelving storage system is an open-ended shelving alternative, which can be configured in countless ways and customized to hold a wide array of items. Designed with versatility in mind, it's a one-shelf-fits-all solution for myriad storage needs.

Features

Benefits

1. Both Back-to-back and Full-depth configurations can be combined within a row to provide greater versatility, allowing you to tailor the system to your varied storage needs.
2. The frame features no exposed edges, provides full access to shelf contents, and allows for easy shelf relocation without the need to remove adjacent shelves.
3. No loss of space, total adjustability for accessory arrangement and no tools required for installation.
4. For a truly comprehensive storage solution, the SmartShelf system provides full-depth shelving that optimizes every inch of space.
5. All shelves features smooth, finished edges for enhanced safety and aesthetics, while also offering increased strength to support heavier loads with confidence.
6. Available options include end panels, back panels, and closure panels to enhance both appearance and finish.
7. A wide range of accessories for general or specific purposes (slotted shelves with dividers, back and front stops, drawers, reference shelf, trays, doors, garment rod, athletics/golf/ weapon/media/bin storage, etc.).

Design and Capabilities

Width	24", 30", 36", 39 3/8", 42", 48", 54"
Depth (back-to-back shelf)	12", 13", 15", 16", 18", 20", 24", 30", 36"
Height	30" to 120" (1" increments)
Capacity	Up to 500 lbs per shelf

The Concept

Optimize Your Storage Space

Montel high density storage systems maximize the use of available space, whether to increase storage capacity, free up room for production or other uses, or get rid of space you do not need to pay for.

Eliminate the need for multiple space-wasting static aisles.

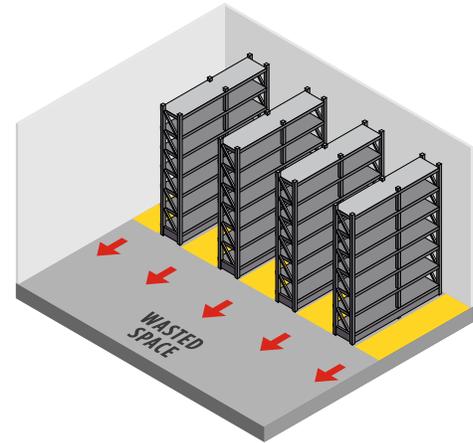

Here is how:

1. Static units are mounted on mobile carriages.
2. Mobile carriages travel on tracks.
3. Use the handle to move the manual systems or turn the 3-spoke SafeCrank handle for mechanical-assist systems or push a button on the powered system control to open the desired aisle.

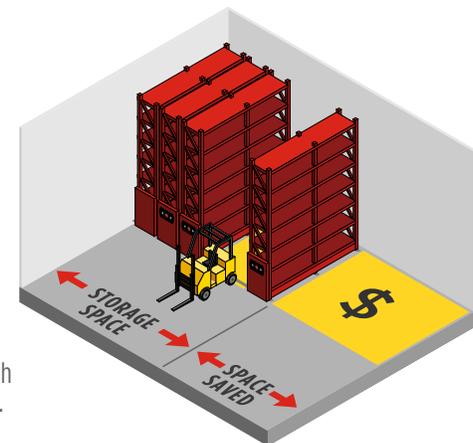

WASTED SPACE CONVENTIONAL FIXED RACKING LAYOUT.

Conventional storage systems require space-wasting fixed aisles.

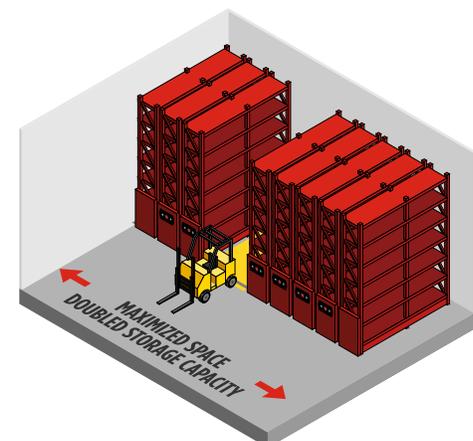

SPACE SAVED & INCREASED PROFITS MOBILE STORAGE LAYOUT.

Montel's high-density storage systems save up to 50% of your floor space in most cases, and accommodate growth for other uses while increasing revenue.

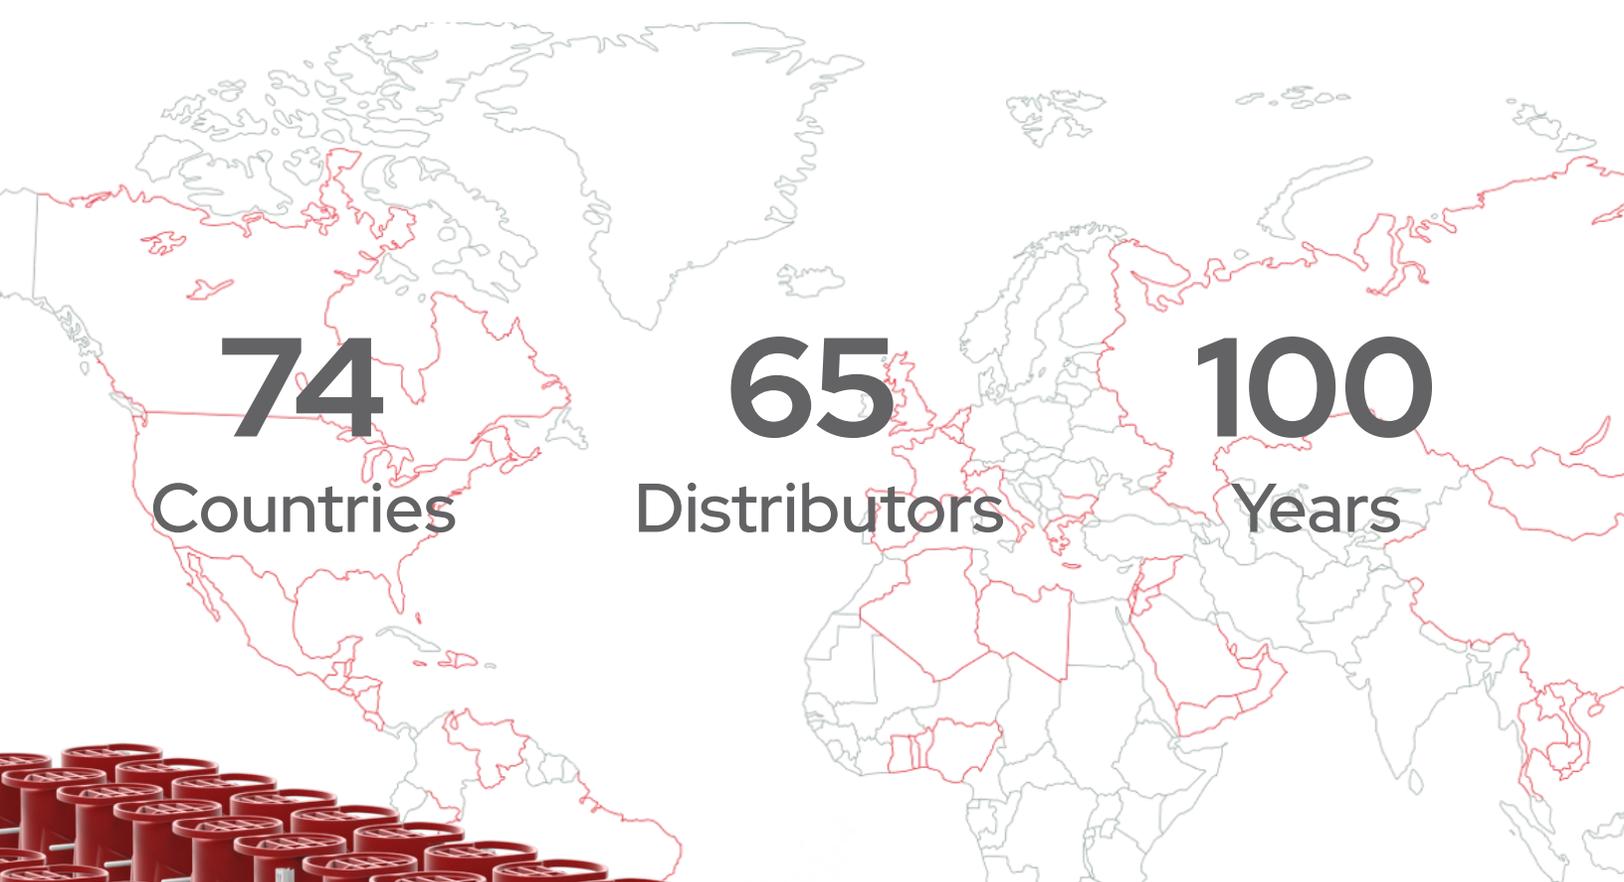

DOUBLED STORAGE CAPACITY. MAXIMIZED SPACE & INCREASED PROFITS MOBILE LAYOUT.

100% greater storage capacity within the original floor space, eliminating the need for a costly expansion or the construction of a new facility.

Montel International Presence

Countries

65
Distributors

100
Years

Established in 1924, Montel pioneered high density mobile storage systems providing cost-efficient storage solutions using less space, and established a global network of certified Montel distributors.

Montel's achievements include realizations in more than 74 countries through its network of distribution, and even in areas without a local authorized Montel distributor.

Why Choose Montel?

Montel's high-density mobile shelving and high density storage solutions are designed to optimize your space and empower your organization.

We combine quality and expertise in every installation, delivering industry-leading, high-quality systems. We don't just install; we create customized, reliable solutions proven to last.

Get Results From Your Square Footage: Fast ROI

Save up to 50% of your value generating space.

Work With Storage-Savvy Experts

We manufacture the one and only solution. The best one.

Total Offer Customized To Your Needs

We will go to any length, depth, width or height.

Better Organize Your SKUs

Gain productivity while inventory management & security are improved.

Meet Your Environmental Objectives

Minimize your environmental impact by reducing your footprint.

Realizations

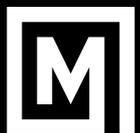

Certifications

Montel helps golf facilities store more with less.

By keeping golf gear, apparel, and equipment secure, accessible, and efficiently organized with modular, scalable storage systems, Montel helps every square foot of your facility work harder – and smarter – for your game.
